## What is Forex Trading?

Forex trading, or foreign exchange trading, involves the exchange of one currency for another to make a profit. It is the world's largest financial market, with over \$6 trillion traded daily.

Traders speculate on currency price movements, buying low and selling high. Popular currency pairs include EUR/USD, GBP/JPY, and USD/INR. The foreign exchange market operates 24 hours a day, 5 days a week, making it highly flexible for forex traders.

---

## Is Forex Trading Legal in India?

Yes, forex trading is legal in India — but with restrictions. Indian traders are allowed to trade in currency pairs where the Indian Rupee (INR) is involved, like USD/INR, EUR/INR, GBP/INR, and JPY/INR, through SEBI-regulated forex brokers. However, using foreign or unregulated interactive brokers for trading non-INR pairs is not permitted under FEMA regulations.

With WinProFX, you can trade legally and safely, accessing INR-based currency pairs on a secure and compliant forex trading platform.
