### **Step 1: Contract Review and Preparation**

Your conveyancer reviews or prepares the Contract of Sale and Form 1 (Vendor's Statement), ensuring that all conditions are fair and compliant.

### **Step 2: Property Searches**

They conduct detailed searches to confirm ownership, check for easements, encumbrances, or restrictions, and ensure there are no outstanding debts on the property.

### **Step 3: Liaising with Stakeholders**

Your conveyancer communicates with the buyer, seller, real estate agents, and financial institutions to keep everyone informed and aligned.

### **Step 4: Document Preparation and Signing**

They prepare legal documents, ensure signatures are correctly executed, and verify all necessary paperwork before submission.

### **Step 5: Settlement Coordination**

On settlement day, the conveyancer ensures funds are transferred, legal documents are lodged, and ownership officially changes hands. They'll notify all relevant parties once settlement is complete.

### **Step 6: Post-Settlement Assistance**

Even after settlement, conveyancers can assist with lodging documents with Land Services SA, managing title updates, and resolving any remaining administrative tasks.
